From: IED, PBS

~~With regard to your request for what we agreed~~
~~to discuss with Ye Xuanping, the former~~

We formally request an interview with Mr. Ye Xuanping, the former governor of Guangdong Province, to be included in the national broadcast of the PBS documentary for American television. As you have requested, these are the areas of discussion ~~for~~ in which we are interested:

1. Mr. Ye's perspective on the Chinese revolution, from his days growing up in Yenan to the ~~future~~ present (as you know, we will be filming in Yenan).

2. The role ~~of~~ in China's reforms of Guangdong Province, where we also will be filming.

3. A frank assessment of China's economic needs and challenges, and where reforms go from here.

4. The effect of China's open-door policies and its prospects for the future.

We believe a discussion of these topics to be of great importance for an American audience and we respectfully request that every consideration be given for such an interview.

Sincerely,
